About Gulftainer Group

Gulftainer - a true global success story borne out of Sharjah.

In 1976, Gulftainer was launched to operate the first container terminal in the Middle East, the Sharjah Container Terminal. From these humble beginnings, Gulftainer is now one of the world's leading international ports and logistics solution providers and the first and only operator from the Middle East to manage ports in the USA.

One of Gulftainer's terminal in the UAE has been ranked as the No. 1 most productive port in Europe, Middle East and Asia (EMEA), and No. 3 in the world by the US Journal of Commerce. This achievement has been made possible because Gulftainer continues to invest in skilled and motivated people, processes, state of the art equipment and port infrastructure. This terminal was also chosen as the first port of call in the Middle East for CMA CGM's Explorer class vessel the Marco Polo – at the time, the world's largest container ship – on its maiden voyage across the Arabian Gulf.

Gulftainer has repeatedly won industry accolades at every level of its operations, including "Port Terminal Operator of the Year by Seatrade Middle East Awards and Lloyd's Middle East Awards," "Technology Implementation of the Year by Logistics Middle East Awards," "Industry CEO of the Year at the ITP CEO Awards" and "The Corporate Health and Wellness Initiative Award at the MEED Daman Health Awards".

Momentum Logistics was formed in 2008, to provide an enhanced customer service offering, and has evolved to build a strong reputation as a fully integrated third-party logistics provider. Gulftainer's portfolio now encompasses seaports in the UAE, KSA, Iraq and USA, along with freight forwarding, supply chain operations and logistics cities through Momentum Logistics and Avalon Transport.

Partnering Growth with Sustainability

A Message from Our CEO

At Gulftainer we believe in the power of partnership. It is the foundation of every successful project we've taken part in since our inception.

As world trade grows at a faster pace, the future lies in new economies and opportunities, making partnership an essential element of unlocking growth. With over 40 years of experience in operating some of the most productive ports in the world, we know exactly what it takes to fulfill your ambitions.

Our true worth isn't just measured by our bottom line – it's also in the way we adapt and thrive while carrying the heavy load of regional and world trade on our shoulders. Following our success in the UAE, Iraq, Kingdom of Saudi Arabia and most recently in the United States of America, we continue to avoid the trap of complacency as we actively pursue international growth opportunities.

One of the main reasons for our success, is our unstoppable drive to provide better service and support that enables our clients to become more competitive in their own markets. Another important factor is our management team's 'hands-on' approach to getting the job done. By keeping the lines of communication short, we are able to speed up decision-making and respond almost immediately to our clients' changing needs.

We are here to work in partnership to deliver growth that is real and sustainable. And with millions of containers handled and thousands of client expectations met and surpassed, I can honestly say that we've only just begun.

We look forward to partnering with you in the future.

Peter Richards
Group CEO
Gulftainer

Corporate Values

We are driven by our values

Creating customer success

Think outside of the container

Passion for performance

One business

Respect each other

Together as one towards a Winning Culture

Building on our legacy of over four decades, Gulftainer is looking ahead with confidence and exciting ambitions. With conscious deliberation and effective collaboration, we aim to drive long-term change and development within the business. We believe that a positive corporate culture with strong and clear values is crucial to provide impactful business services. Motivated employees give their best work which will result in high-quality service offerings accompanied by excellent customer service.

Empowered by its people's ideology, Gulftainer's latest corporate philosophy stands firm on a Winning Culture and Five Core Values. These values were developed from within the business by Gulftainer employees in conjunction with the leadership team. Extensive research and workshops were undertaken to ensure an agreed approach. These are what we stand for and what we hope our staff will aim to deliver every day.

Awards and Achievements

Innovation in Maritime

- In 2021, Gulftainer won the CXO Middle East award for Gulftainer's global talent hunt, *Future of Ports 2021*, which yielded four innovative ideas to transform the Maritime sector

End to End Supply Chain Solutions

Partnering Port Management with Third Party Logistics

Momentum, Part Of The Gulftainer Group

Established in 2008 to provide third-party logistics support for the Gulftainer Group, Momentum has since made a name for itself as a leading third-party logistics provider in the industry. Momentum offers clients a comprehensive range of integrated logistics services, including transportation, freight forwarding, warehousing, logistics cities, container repair services and contract logistics.

On a global scale, Momentum works with its worldwide agents and group partners, like GT MTI in Pakistan, as well as TPC and Avalon in the UAE. Momentum also has well-established offices in North and South Iraq. In 2020, Momentum Logistics launched operations in the US State of Delaware marking another key milestone in its expansion plan.

Momentum is a complete third-party logistics provider (3PL), with activities that encompass Worldwide Freight Forwarding – a business that offers a complete end-to-end range of services that include airfreight, ocean freight, customs clearance and land transport.

Momentum recently introduced a unique product, combining the commercial, operational and technological operations. The product integrates ports and logistic services, by linking the sea ports providing onwards transportation and other services such as customs clearance. The result - a seamless supply chain link from port-to-door and back!

Delivering Sustainable Value

Employability

Corporate Social Responsibility (CSR)

The Gulftainer Group actively participates in, and contributes to, the society, community and the environment in which we operate.

A cornerstone of our company's values is our respect and commitment to preserve the environment in which we work and live. We believe strongly that giving back to the Community is not only the right thing to do but is also an integral part of the long-term profitable and sustainable growth of our company

To further our commitment to this cause, we have pledged our allegiance to the following global initiatives:

Corporate Affiliations

- World Economic Forum
- UN Global Compact
- EWS-WWF
- Pearl Initiative

Quality, Health, Safety and Environmental (QHSE) Management is an integral and essential part of the way we do our business and is considered an equal part of the wider system for the management of our business.

Gulftainer operates on an approved Management System that establishes and describes the Quality and HSE Management implemented at our Terminals meeting the requirements of ISO 9001:2015 (Quality Management Systems), ISO 14001:2015 (Environment Management Systems) and ISO 45001:2018 (Occupational Health and Safety Management Systems), Gulftainer UAE Operations is certified for the provision of Port Management and Operations including associated services such as Container Repair, Transport, Logistics, Distribution Centre Management/Operations, Freight Forwarding and Contract Logistics

Gulftainer is compliant with the requirements of the below international standards to effectively manage and control its Quality, Health, Safety and Environment (QHSE) obligations:

- **ISO 9001: 2015**
Quality Management Systems
(Certificate No: 145356-2013-AQ-ARE-UKAS)
- **ISO 14001:2015**
Environmental Management Systems
(Certificate No: 145357-2013-AE-ARE-UKAS)
- **OHSAS 18001:2007**
Occupational Health and Safety Management
Systems (Certificate No: 145360-2013-AHSO-ARE-RvA)
- **ISO 27001:2013**
Information Security Management System
standard (Certificate No: 187615-2015-AIS-ARE-UKAS)

We aim to achieve a zero-harm policy and is fuelled by the drive for a safety culture.

Every opportunity needs the right expertise to realise its full potential. We are constantly looking for new partners who could profit from our experience. If you would like to explore new opportunities or improve an existing operation, let's meet and discuss how we can partner together. We assure you of our full support and commitment in making it happen.
